Annual Safety Report 2021

Message from the President

Dear Lees-McRae Students, Faculty, Staff, and Visitors:

As the world continues to change and evolve, the safety and wellbeing of our students, faculty, staff, and visitors remains our first priority. This has been especially true over the last eighteen months as we faced the unpredictable nature of a global pandemic. Despite the circumstances, it should come as no surprise that this community overcame these challenges by being attentive, responsive, and resilient. These are the same traits deployed by the college to protect our people and secure our facilities.

Throughout the pandemic, a small group of staff and faculty led the institutional response to the spread of the virus, but each member of the community has had a role to play in keeping themselves and the campus well. While the Office of Campus Safety and Security and the Lees-McRae College Police Department enforce campus rules and regulations and provide security and emergency services, all students, faculty, staff, and visitors must commit to the principles of safety.

The **Annual Safety Report 2021** includes guidelines for reporting emergencies and crimes, highlights safety programs and other basic safety tips, and describes the emergency alert notification process. Within the report, you will also find detailed policies and procedures that help protect every member of the campus community. I encourage everyone to familiarize themselves with this document.

Thank you for helping to protect our community through your vigilance and dedication. Please let me know if you have any suggestions on how to improve campus safety and security on our campus.

Sincerely,

Herbert L. King Jr., EdD
president@lmc.edu

Annual Safety Report 2021

The Annual Campus Safety Report is created to provide the campus community with information about the college's policies, procedures and efforts to keep the campus safe. This report is published in compliance with the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act ("Clery Act"), and Violence against Women Act (VAWA). This report is distributed to students and employees of Lees-McRae via email on an annual basis. An electronic version can be found online by visiting lmc.edu/security. Printed copies are available in the Campus Safety and Security Office. The Annual Campus Safety Report is prepared in cooperation with Campus Safety and Security, Student Affairs, Local Law Enforcement Agencies, and the Marketing and Communications Office.

Crime Statistics

The Campus Safety and Security Office records all reports of criminal activity on campus property. The Campus Safety and Security Office submits a formal request for crime statistics from the Campus Police Department and the Banner Elk Police Department in preparation of the Annual Security Report. Crime Statistics for the previous three years can be found at the end of this report.

Campus Crime Log

The Campus Safety and Security Office keeps a daily crime log of reported incidents. Requests for the log can be made to the Campus Safety and Security Office and will be completed within two business days. The college does not share names of crime victims or identifiable information of victims in the Campus Crime Log.

Campus Safety and Security Office

The Campus Safety and Security Office maintains a campus presence 24 hours a day. Security officers do not have the power to arrest or have law enforcement authority. Campus Safety works closely with Campus police and receives support from the Banner Elk Police Department, Avery County Sheriff's Department, and the North Carolina State Bureau of Investigation when necessary or requested. The college does not have a memo of understanding with these agencies. Parking permitting and enforcement are managed by the Campus Safety and Security Office. Additionally, the Campus Safety and Security Office works with campus counseling services, local ministers, and local mental health professionals when appropriate.

Campus Police

The Lees-McRae Campus Police Department is a multi-functional service agency dedicated to the protection of the campus community through local, state, and federal laws. The Lees-McRae College Police Department was created with the goal of the department's sworn officers establishing relationships with members of the campus community while enforcing the law when necessary. All full-time Campus officers have been certified and fall under the supervision of the N.C. Attorney General's Office. Officers patrol the entire campus on foot, and in marked/unmarked Campus Police vehicles. The Campus Police Department is located at the Robb Center. Additionally, Campus Police works with campus counseling services, local ministers, and local mental health professionals when appropriate.

Reporting Crimes or Emergencies

Call 911 and/or Campus Security (828.898.8756) if:

- You see fire or smell smoke
- You witness someone vandalizing property or stealing
- You witness someone hurting another person
- You see something suspicious
- You have something stolen
- Someone becomes injured or ill

Even if you aren't sure security is needed, call anyway, and let security assess the situation.

Individuals are asked to share reports with the Campus Safety and Security Office as accurately and soon as possible to allow for timely warning of any danger to the campus community.

Confidential Reporting

If you are a victim of a crime and do not want to pursue action within the college system or the criminal justice system, you may still want to consider making a confidential report. The college will respect and honor the confidentiality wishes of the individual's request to keep reports confidential to the extent permitted by law and consistent with the colleges' obligation to investigate allegations to protect the college community. This enables the college to have an accurate record of incidents to take steps to ensure the safety of the victim and the college community. Reports filed in this manner are counted and disclosed in the annual crime statistics for the college.

The college's professional counseling staff and pastoral counselors are exempt from reporting crimes they may have learned about while performing their duties as mental health counselors unless mandated by North Carolina State law. The college encourages its professional counselors to inform the individual receiving counseling of procedures to report crimes for inclusion in the annual crime statistics.

Individuals have the ability to report an incident or observation via an anonymous reporting form found on the Security webpage. The college prefers an anonymous report verses not reporting, however anonymous reporting will hinder or prevent the college's ability to provide protective measures or respond with appropriate actions against the alleged perpetrators.

Incident Report Routing

Incident Reports received or filed by Campus Security and/or Residence Life Staff are sent to the Vice President for Student Affairs, Executive Director of Campus Operations, and the Director of Residence Life. Reports may also be sent to the college President, Vice President for Finance and Business Affairs/CFO, Provost, Director of Human Resources, and other essential personnel. The Director of Residence Life or their designee review reports and referrals for Student Code of Conduct violations.

Campus Safety Authority (CSA)

CSAs are designated on campus as part of the federal Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act (20 USC § 1092(f)), otherwise known as the Clery Act. Its purpose is to provide the campus community with timely, accurate, and complete information about crime and the safety of the campus environment so that they can make informed decisions to keep themselves safe.

Timely warnings will be shared upon the confirmation of a significant emergency or dangerous situation involving an immediate threat to the health or safety to members of the college community. Timely Warnings will be distributed by procedures described in the Emergency Notification Policy.

Access to Campus Buildings

Exterior doors to residence halls are locked 24 hours a day. Students have access to their residence hall by using their ID card for the building exterior and their assigned room key. Campus academic and administrative buildings are open during normal business hours. Requests to access buildings outside of business hours can be made to Campus Safety and Security by visiting the [Safety and Security webpage](#) and completing a Security Services Request Form.

Employees and students are responsible for the conduct of their guests at all times.

Security Services Request Form

Campus security and Police are available to assist with parking coordination, building or room unlocks, or other specialized services for Lees-McRae events. This includes:

Annual Safety Report 2021

- Reserving parking spaces for event VIPs
- Requests for parking passes for expected campus guests
- Assistance with parking for oversized vehicles (e.g. buses)
- Assistance with loading/unloading buses
- Unlocking or securing a building before/after special events
- Unlocking/locking buildings or classrooms

Events that need city, county, or state permits must send permit information to the Lees-McRae security department after submitting a security request form.

Maintenance of Campus Facilities

Members of the college community are encouraged to immediately report lighting issues or damaged equipment that may cause a safety concern to Campus Safety and Security or the college facilities department. Facility staff members, Residence Life staff, and Campus Security monitor safety concerns on a daily basis. Twice a semester campus light and safety walks are hosted by the Student Government Association, Student Affairs Office, Campus Safety and Security, and College Facilities. Lighting and landscaping safety issues are identified and repaired to improve security.

Basic Safety Tips

- Avoid walking alone at night and always choose well-lighted pathways
- Keep your doors locked even when you are in your room
- Always have your keys out and ready when you approach your vehicle or residence hall
- Don't let strangers follow you into your residence hall; always ask to see ID if you aren't sure if they belong
- Alert a friend or roommate of your whereabouts and your expected return whether you are leaving for a few hours or a few days
- Keep an eye out for dangerous wildlife and never approach bears or other wild animals
- Stay alert and be aware of your surroundings
- Keep your vehicle locked at all times; valuables should be concealed.
- Secure your personal information (Social Security number, date of birth, ID numbers, PIN's, passwords, etc.).
- Record all serial numbers on personal electronic items.
- Report any suspicious activity to Campus Safety and Security (828.898.8756)

Campus Safety Programs

The college conducts intentional programming, strategies, campaigns, and initiatives to address and educate on Alcohol & Drug Abuse, Sexual Assault Awareness, Relationship Abuse, Bystander Intervention, Personal Safety and Wellness.

Examples of prevention and educational programs:

Sexual Assault Awareness Week (Tea Week)

Annual Safety Report 2021

Security, and Student Success are introduced and reviewed.

Vector Solutions Modules

The college partners with our insurance provider and Vector Solutions to provide everyone with online training modules that cover a variety of educational, safety, and compliance topics.

Campus Safety Walks

The Student Government Association in partnership with Campus Safety and Security and the Student Affairs Office hold nighttime walks around campus each semester to identify safety concerns and provide suggestions on additional lighting, handrails, stairs and landscaping to improve safety on campus.

Impaired Driving Simulators

The Campus Police Department brings different agencies in to provide a simulation of impaired driving. Students can “drive” a car to feel the effects and see how alcohol, drugs, or texting impairs their driving.

Self Defense Classes

Campus Security and the Campus Police Department in conjunction with Student Affairs offers Self Defense Classes each semester. Participants learn techniques to defend themselves, increase awareness of surroundings, and how to stay calm and focused during stressful situations.

The Residence Life staff, Peer Allies, Student Government Association, Athletic Department, Student Success Center and Campus Safety and Security regularly hold programs across campus addressing (but not limited to) the following issues:

Emergency Procedures	Fire Safety	Helping Skills
Alcohol Abuse and Safety	Risk Management	Weather Safety
Self Defense	Campus Safety Walks	Drug Abuse

Members of the campus community are encouraged to attend and to contribute programming ideas to the offices listed above.

Employee Assistance Program

Lees-McRae employees have access to the institutions Employee Assistance Program from a partnership with Human Resources and the college’s insurance provider. Employees have access to confidential, personal and web-based support on a wide variety of important and relevant topics—such as stress management, dependent/elder care, nutrition, fitness, and legal and financial issues.

Lees-McRae employs trained personnel for the protection of students, employees, guests and property (Campus Security for extended campus sites is provided by each individual campus). However, security of the campus is a responsibility shared by all members of the community. Students are expected to accept this responsibility by:

- Attending campus safety education programs
- Locking residence hall room doors
- Locking car doors, parking in the assigned areas and keeping valuables out of sight
- Labeling valuable items
- Making sure that any property brought to campus is covered under a property insurance policy
- Using sound judgment, such as not walking alone on campus after dark, not loaning a room key to a friend, etc.
- Reporting any suspicious person or behavior to a campus security officer as soon as possible.

The college does not assume responsibility in the event of theft from student rooms or vehicles parked on campus. In the case of theft, assault or other serious crime, Campus Security will notify the Banner Elk Police Department and the Director of Safety and Security. In the event of sexual assault, one should seek

Annual Safety Report 2021

immediate medical attention, and notify Campus Security and the Dean of Students for professional assistance.

In the event that a student or any employee is approached on campus by law enforcement personnel seeking information on students, faculty or staff, the following procedure should be followed:

- Request proof of identity, if not apparent.
- Maintain a cooperative and courteous attitude.
- Unless an emergency event:
 - Direct daytime inquiries (8 a.m.–5 p.m.) to the Student Affairs or Campus Safety and Security Office
 - Night time inquiries should be directed to Campus Security and/or Resident Directors.
- In case of an emergency, provide pertinent information and assistance as appropriate.
- Classes should not be interrupted unless an emergency situation exists.

Criminal Activity Off-campus and Off-Campus Organizations

The college reserves the right to review student conduct that occurs off campus with local law enforcement agencies when such behavior reflects upon the integrity of the college or the college's pursuit of its mission, policies or procedures. Students are reminded that they serve as representatives of Lees-McRae College and both positive and inappropriate behavior affect the college's image and reputation (for example, students taking off-campus trips or players and spectators at "away" athletic contests). It is not necessary for students to receive a criminal or civil citation in order for their behavior to be subject to discipline. The college desires to have students act as both responsible and mature representatives and encourages students to be involved in the community in positive ways, such as community service and local government.

At the present time, Lees-McRae does not have off-campus student organizations.

Alcohol Policies

Lees-McRae College provides an academic environment that fosters positive physical and mental health and educates students concerning the use of alcoholic beverages and peer pressure. Drunkenness as a result of the use of alcohol is a violation of the alcohol policy and is punishable through the conduct process. No immunity or exemption is granted for misconduct while under the influence of alcohol. Mature judgment and discretion are required at all times.

1. The possession or consumption of alcoholic beverages on campus is permitted by those of legal drinking age who have a registered state law room in Hemlock Village, the college apartments or houses. A registered state law room is a designated apartment, suite, or house where all students living in that location are 21 years of age or older. The room must be officially registered with the Associate Dean of Students before alcohol is permitted in the location.
2. Aiding and abetting in the sale or transfer of alcoholic beverages to any person under the age of twenty-one years is prohibited.
3. All those present in a registered state law room must be 21 or older when alcohol is present and being consumed. Students under the age of 21 are not allowed to be present in a registered state law room when alcohol is being consumed, even if the student is not actively drinking. Regardless of the age of the individuals, if alcohol is located in a non-registered room, all students present will be held responsible for an alcohol violation.
4. All persons consuming alcohol must carry a valid picture ID.
5. While alcoholic beverages may be consumed by those of legal drinking age in non-public areas, they may not be consumed in any public area except for special functions registered as a Special Alcohol Event.
6. No person, regardless of age, is permitted to have an open container of alcohol in a public area on campus. This includes public events such as athletic events, unless otherwise approved by the college.
7. The use of alcoholic beverages as a prize in a contest, drawing, lottery, etc. is prohibited.

Annual Safety Report 2021

8. Kegs or other common containers of alcohol are not allowed on the campus, except for Special Alcohol Events. Glass containers are allowed only inside of state law residence hall rooms. Once the seal has been broken, it may not be removed from that room.
9. Alcoholic beverages may not be used, sold, possessed or consumed at sporting events, including intramural events, campus parking lots, on field trips or at off campus college functions. This includes possession or consumption of alcohol in college vehicles.
10. Members of the Lees-McRae community are not allowed to provide alcohol to underage individuals.

For the current version of the Alcohol Policy, visit the [Lees-McRae Student Handbook](#).

Illegal Drug Policies

North Carolina state law prohibits the sale, use, possession, manufacture, or delivery of illegal controlled substances including stimulants or depressants (marijuana seeds included). Any student who uses illegal substances or who shows signs of use may be suspended, as well as referred to the appropriate civil authorities for further action. Positive drug tests may result in immediate suspension.

All paraphernalia that is associated with and related to the use of marijuana and other illegal stimulants and depressants is prohibited. Any student who possesses such paraphernalia will be entered into the Conduct process for disciplinary action, as well as being referred to the appropriate civil authorities for further action.

Sharing or selling of your prescribed drugs is prohibited. Violators may also be referred to local authorities as well as the Student Conduct Process. For the current version of the Illegal Drug Policy, visit the [Lees-McRae Student Handbook](#).

Title IX Policies and Procedures

Policy of Non-Discrimination

Lees-McRae College prohibits discrimination and harassment on the basis of race, sex, sexual orientation, gender identity, color, age, religion, national and ethnic origin, disability, genetic information, protected veteran status or other individual distinctions in its programs and activities (collectively, "protected status"). This prohibition includes discrimination or harassment based upon the perception of an individual's protected status, even if the perception is mistaken. Relatedly, this Policy prohibits related misconduct, such as sexual assault, relationship violence, and stalking. The College will take affirmative action to ensure this Policy is enforced. This Policy should be read consistently with all applicable federal and state laws addressing discrimination, harassment, and related misconduct. This Policy also prohibits retaliation against any individual: who complains of or reports discrimination, harassment, or related misconduct; against whom a complaint is filed; who participates in reporting, investigation, or adjudication of possible violations of this Policy or exercises any right provided under this Policy; or engages in good-faith opposition to what the individual reasonably believes to be discrimination under this Policy.

Annual Safety Report 2021

The College's Title IX Coordinator is responsible for administering the College's Title IX Policies and Procedures and is designated as the Coordinator for Title IX of the Education Amendments of 1972, Section 504 of the Rehabilitation Act, and the Age Discrimination Act of 1975. Inquiries regarding Lees-McRae College's Title IX Policies and Procedures or the application of Title IX and other laws, regulations and policies prohibiting discrimination may be directed to the College's Title IX Coordinator.

Lees-McRae College is committed to providing a safe and discrimination-free learning, living and working environment for all members of the College community. Students, staff, faculty, and third parties who believe they have been subjected to discrimination or harassment in violation of this Policy should follow the procedures outlined in this Policy to report these concerns immediately to the Title IX Coordinator.

Scope of the College's Title IX Policy and Procedures

This Title IX policy governs the conduct of Lees-McRae College students; faculty; staff; and third parties (non-members of the College community, such as vendors, alumni, visitors, or local residents) who come on campus and/or participate in the College's programs and activities (collectively, the "campus community"). For the purposes of this Policy, status as a "student" begins with initial application to a College program and does not conclude until a degree is awarded or the student permanently withdraws or is dismissed.

This Title IX Policy applies to all College programs and activities. All campus community members are responsible for their actions and behavior, whether the conduct in question occurs on campus or in another location if it involves a program or activity of the College. This Policy applies to conduct that occurs on College property, and in certain circumstances, off college property or off campus, especially if the conduct involves another member of the campus community. This Policy applies to conduct when the conduct is associated with a College-sponsored program or activity, such as travel, distance learning, research, or internship programs. Judgments about these matters will depend upon the facts of an individual case. In particular, off-campus behaviors that have an actual or potential adverse impact on any member of the campus community or College fall under this Policy. The College retains the discretion to determine whether conduct that occurs off-campus or that is allegedly not within a College program or activity, such as online conduct, falls under this Policy. At all times, members of the campus community have a responsibility to adhere to College policies and local, state and federal law.

Third parties are both protected by and subject to this Policy. A third party may report or file a complaint concerning a violation of this policy committed by a member of the College community. A third party may also be permanently barred from the College or subject to other restrictions for failing to comply with this Policy.

Anyone can consult directly with the Title IX Coordinator for guidance by calling 828.898.8743.

Annual Safety Report 2021

Policies and Practices Addressing and Preventing Sexual Discrimination and Harassment

Lees-McRae College prohibits the crimes of dating violence, domestic violence, sexual assault, and stalking as later defined herein. The College's approach to addressing this problem is to (a) educate the campus community as a means of prevention; (b) deter such acts through prompt reporting and investigation of alleged violations of this policy, and the imposition of sanctions where a violation is found by a preponderance of the evidence; (c) provide assistance to Complainants; and (d) place Complainants in contact with local law enforcement to investigate possible legal prosecution.

Educational programs on Title IX including Lees-McRae policies concerning consent, sexual harassment and assault, and bystander intervention are managed by the Title IX Coordinator. The Title IX Coordinator partners with the Office of Student Affairs and Campus Safety Committee to provide education and services. Counseling options are available through the Office of Student Affairs.

Along with other groups at the College, the Title IX Coordinator coordinates and promotes ongoing prevention and awareness campaigns, primary prevention programs, and risk reduction. Ongoing prevention and awareness campaigns involve programming, initiatives, and strategies that are sustained over time and focus on increasing understanding of topics relevant to and skills for addressing dating violence, domestic violence, sexual assault, and stalking, using a range of strategies with audiences throughout the institution and including information described in paragraph 34 CFR 668.46, paragraph (j)(1)(i) (A)-(F). Primary prevention programs are programming, initiatives, and strategies informed by research or assessed for value, effectiveness, or outcome that are intended to stop dating violence, domestic violence, sexual assault, and stalking before they occur through the promotion of positive and healthy behaviors that foster healthy, mutually respectful relationships and sexuality, encourage safe bystander intervention, and seek to change behavior and social norms in healthy and safe directions. Risk reduction refers to options designed to decrease perpetration and bystander inaction, and to increase empowerment for individual members of the campus community in order to promote safety and to help individuals and communities address conditions that facilitate violence.

If a student, staff, or faculty member believes someone they know has experienced a violation of this Policy they should promptly report incidents to the Title IX Coordinator. The sooner a report is made, the more effectively it can be investigated. All faculty and staff (including all Residence Life staff) who observe or receive a Report of sexual misconduct are required to promptly report the incident to the Title IX Coordinator. The faculty or staff member is not permitted to investigate or try and resolve or mediate the situation and is expected to be discreet. A faculty or staff member's receipt of information will not automatically trigger an obligation by the College to respond to an allegation of Title IX Sexual Harassment. Only a report to the Title IX Coordinator or an Agent of Actual Notice will trigger the College's obligation to respond to an allegation of Title IX Sexual Harassment. There is no time limitation for reporting conduct prohibited under this Policy.

Lees-McRae College encourages the reporting of possible violations of Title IX policy by those subject to the violation or witnesses. In some cases, students may be reluctant to make such reports or participate in a grievance proceeding because they themselves may be accused of a conduct violation. However, it is in the best interests for those subject to sexual misconduct or witnesses of possible violations to report to the Title IX Coordinator. Thus, a student who reports sexual misconduct by another will not be subject to conduct violations or disciplinary proceedings for her/his own actions, provided that the reporting student's actions did not place the health or safety of any other person at risk or violate Title IX or other College policies. Only those who are a Complainant or a witness may receive amnesty, not the alleged Respondent.

All Lees-McRae College employees shall refrain from any inappropriate relationship with students to the extent that the relationship may compromise any policies and/or expectations of the College as a quality institution of higher education. Inappropriate relationships include any romantic or physically intimate liaison with a student. College employees are not to engage in a dating or inappropriate relationship with an individual that they have direct supervisory authority over.

Annual Safety Report 2021

Definitions

Advisors: The Complainant and the Respondent may consult with anyone they wish (including an attorney) during any stage of the Formal Grievance Process. The Advisor's role in any meeting is limited to quietly conferring with the Complainant or Respondent through written correspondence or whisper, and the Advisor may not address any other participant. An Advisor may not also be a witness. If the Complainant or Respondent has not selected an Advisor prior to a hearing conducted through the Formal Grievance Process, the College will make a trained Advisor available to the party. Only an Advisor may conduct cross-examination of any witness or party on behalf of Complainant or Respondent during a hearing.

Agent of Actual Notice: An official of the College with the authority to institute corrective action on behalf of the College, and notice to whom causes the College to respond to Title IX Sexual Harassment.

Bystander Intervention: Safe and positive options that may be carried out by an individual or individuals to prevent harm or intervene when there is a risk of dating violence, domestic violence, sexual assault, or stalking. Bystander intervention includes recognizing situations of potential harm, understanding institutional structures and cultural conditions that facilitate violence, overcoming barriers to intervening, identifying safe and effective intervention options, and taking action to intervene. Bystanders may report possible misconduct and all faculty and staff (including all Residence Life staff) who observe or aware of sexual misconduct are required to immediately report to the Title IX Coordinator.

Complainant: The individual who has reported alleged misconduct under this Policy.

Consent: The explicit approval and permission to engage in sexual activity demonstrated by clear actions, words, or writings, considered from the perspective of a reasonable person. Consent is informed, freely given and mutually understood by all parties involved. If coercion, intimidation, threats, and/or physical force are used, there is no consent. If the Complainant was mentally or physically incapacitated or impaired so that the Complainant could not understand the fact, nature, or extent of the sexual situation, there is no consent; this includes conditions due to alcohol or drug consumption, or being asleep or unconscious, or under the age of legal consent, or unable to give consent under current law. Silence does not necessarily constitute consent, and past consent of sexual activities does not imply ongoing future consent. Whether the Respondent has taken advantage of a position of influence over the Complainant may be a factor in determining whether consent was freely given. Consent to some form of sexual activity cannot be automatically taken as consent to any other form of sexual activity. Consent can be withdrawn at any time, and once withdrawn, sexual activity must cease.

Discrimination: Any distinction, preference, advantage for or detriment to an individual compared to others that is based upon an individual's actual or perceived race, color, sex, sexual orientation, gender identity, age, ethnicity or national origin, religion, disability, genetic information, protected veteran status and any other characteristic protected by law.

Discriminatory Harassment: Detrimental action based on an individual's actual or perceived race, color, sex, sexual orientation, gender identity, age, ethnicity or national origin, religion, disability, genetic information, protected veteran status and any other characteristic protected by law that is so severe, persistent or pervasive that it unreasonably interferes with or limits a student's ability to participate in or benefit from the College's education program or activities.

Education Program or Activity: Includes all operations of the College, including locations, events, and circumstances where the College exercises substantial control and any building owned or controlled by a student organization officially recognized by the College.

Formal Complaint: A document filed by a Complainant or signed by the Title IX Coordinator alleging Title IX Sexual Harassment or Retaliation by a Respondent and requesting that the College investigate the alleged conduct. A Formal Complaint must be signed by the Complainant or, in the case of an email

Annual Safety Report 2021

submission, sent as an email attachment in letter format, and should contain the name and all contact information for the Complainant. A Formal Complaint may be filed with the Title IX Coordinator in person, by mail, or by electronic mail. A Formal Complaint is not required for the College to pursue more information about a Report of conduct in violation of this Policy generally, but a Formal Complaint is required for the College to investigate Title IX Sexual Harassment. When the Title IX Coordinator receives a Formal Complaint alleging conduct that would, if the allegations are true, constitute Title IX Sexual Harassment, the Title IX Coordinator will determine whether the alleged conduct: (i) was perpetrated against a person in the United States; took place within the College's education program and activities; and was reported by a Complainant who, at the time of filing or signing the Formal Complaint, was participating or attempting to participate in the College's education program and activities. If these conditions are satisfied, the Title IX Coordinator will address the Formal Complaint using the Title IX Formal Grievance Process. If those conditions are not satisfied, or subsequent investigation reveals that not all of the conditions are satisfied, the Title IX Coordinator will dismiss the Formal Complaint from the Title IX Formal Grievance Process. This decision may be appealed by either party. Such allegations of misconduct that do not satisfy these conditions will be addressed under the misconduct provisions of the appropriate policy governing students, faculty, or staff.

Gender-based Harassment: This is another form of sex-based harassment and refers to unwelcome conduct based on an individual's actual or perceived sex, including harassment based on gender identity or nonconformity with sex stereotypes, and not necessarily involving conduct of a sexual nature.

Pregnant and Parenting Students: The college may not (a) apply any rule concerning parental, family, or marital status that treats persons differently on the basis of sex; (b) discriminate against or exclude any student from its education program or activity, including any class or extracurricular activity on the basis of pregnancy, childbirth, false pregnancy, termination of pregnancy, or recovery therefrom; or (c) make pre-admission inquiries as to the marital status of an applicant for admission.

Proceeding: All activities related to a non-criminal resolution of an institutional disciplinary complaint, including, but not limited to, fact finding investigations, formal or informal meetings, hearings, and appeals. Proceeding does not include communications and meetings between officials and the Complainant or officials and the Respondent concerning Supportive Measures to be provided to the Complainant and/or Respondent.

Relevance: During any Proceeding, the representative of the College conducting the Proceeding may exclude and/or redact:

- Information that has no bearing on a fact at issue in the case, is more prejudicial than probative, or is duplicative
- Information regarding prior or subsequent sexual behavior by the Complainant unless such questions and evidence about the complainant's prior sexual behavior are offered to prove that someone other than the respondent committed the conduct alleged by the complainant, or if the questions and evidence concern specific incidents of the complainant's prior sexual behavior with respect to the respondent and are offered to prove consent
- Medical or mental health information treatment and/or diagnosis, unless relevant to the facts at issue and provided during an investigation of a formal complaint under this Policy;
- Medical records of the Complainant or Respondent, unless the party gives voluntary, written consent to use the records as part of the investigation or adjudication of a formal complaint made under this Policy. If a party gives consent to the College to use his or her medical records in Proceedings under this Policy and the records are directly related to the allegations made in the formal complaint, the other party will be allowed to inspect and review the records. Any information or records that is not directly related to the allegations made in a formal complaint under this Policy

Annual Safety Report 2021

will be withheld or redacted.

- Sensitive personally identifying information (e.g. social security numbers, contact information, etc.)
- Information relating to Supportive Measures, except to the extent necessary to implement the Supportive Measures.

Respondent: The individual who has been accused of a violation of this Policy.

Result: Any initial, interim, and final decision by any official or entity authorized to resolve disciplinary matters within the institution. The result must include any sanctions assigned by the institution. Retaliation: Intentional action taken by an accused individual, allied third party, or a Title IX Coordinator, absent legitimate non-discriminatory purposes, that harms an individual as reprisal for filing or participating in a proceeding under this policy or any other grievance or disciplinary proceeding, or advocating for others' Title IX rights. Any such action is strictly prohibited and may be investigated and reviewed as a separate violation of these Title IX Policies and Procedures.

Title IX Sexual Harassment: Any conduct on the basis of sex that satisfies one or more of the following:

- An employee of the College conditioning the provision of an aid, benefit or service of the College on an individual's participation in unwelcome conduct of a sexual nature;

 - *Fondling* – the touching of private body parts of Complainant for sexual gratification, forcibly and/or against that person's will; or not forcibly or against the person's will where the Complainant is incapable of giving consent because of his/her temporary or permanent mental or physical incapacity (or because of his/her youth).

Annual Safety Report 2021

Supportive Measures: Non-disciplinary, non-punitive individualized services offered free of charge to the Complainant or Respondent, or both, coordinated by the Title IX Coordinator before or after the filing of a formal complaint, or after receipt of an informal report by the Title IX Coordinator, if no formal complaint is filed, designed to restore or preserve access to the College's education programs and activities, protect the safety of all parties and the College's educational environment, or deter conduct prohibited by this Policy, while not unreasonably burdening any party. Supportive Measures may include measures to avoid contact between the Complainant and the Respondent; changes to academic and extracurricular activities including living, transportation, dining, and working situations; and access to resources such as victim advocacy, housing assistance, academic support, counseling, disability services, and health and mental health services, and assistance with reporting a crime to Campus Safety or the Town of Banner Elk Police Department.

Procedures

When a complaint is filed alleging discrimination, harassment, or sexual misconduct in violation of Title IX as defined herein, or such alleged conduct is brought to the attention of the Title IX Coordinator, the process involves an immediate initial inquiry by the Title IX Coordinator to determine if there is reasonable cause to believe the conduct or discrimination occurred and whether the conduct is in violation of this Policy. If the Title IX Coordinator determines there is reasonable cause to believe the conduct or discrimination as alleged has occurred, the Title IX Coordinator will initiate a prompt, thorough and impartial investigation. This investigation is designed to provide a fair and reliable determination about whether the conduct or discrimination has occurred. If so, the College will implement a prompt and effective remedy designed to end the conduct or discrimination, prevent its recurrence and address its effects.

Initial Response

After receiving a report of any misconduct in violation of this Policy, the Title IX Coordinator will promptly contact the Complainant to discuss and provide a written notification of the Complainant's rights and options. In cases of Title IX Sexual Harassment or Stalking, written notification will include: existing counseling, health, mental health, victim advocacy, legal assistance, visa and immigration assistance, student financial aid, and other services available for victims, both within the College and locally and in the community; assistance in, and how to request changes to academic, living, transportation, and working situations or protective measures that are reasonably available, regardless of whether the victim chooses to report the crime to campus police or local law enforcement; and an explanation of the procedures for disciplinary action under this Policy or other applicable misconduct policies.

Upon receipt of a Report, the Title IX Coordinator will promptly contact the Complainant to discuss the availability of Supportive Measures, explain that Supportive Measures will be made available with or without filing a Formal Complaint, inform Complainant of the process for filing a Formal Complaint, and inform the Complainant that even if they do not wish to file a Formal Complaint, the Title IX Coordinator may do so on the Complainant's behalf. The Complainant will also be advised of their right to an Advisor of their choosing, the College's policy prohibiting retaliation, and the requirements of the Formal Grievance Process.

With or without a Formal Complaint, Supportive Measures will be offered to the Complainant and the Complainant's wishes and preferences regarding the Supportive Measures will be considered. . Supportive Measures will also be made available to the Respondent, witnesses, and other impacted campus community members, if applicable and as appropriate.

Where there is an immediate threat to the physical health or safety of any students or other individuals arising from a Report of Title IX Sexual Harassment or a Formal Complaint, the College can remove a student Respondent from part or all of the College's education programs or activities and issue any

Annual Safety Report 2021

necessary related no-trespass and no-contact orders. In consultation with the Dean of Students and/or Office of Student Affairs, the Title IX Coordinator will make the decision to remove a student Respondent from some or all of the College's education programs and activities based on an individualized assessment and risk analysis. If the College makes such a decision, the student Respondent will be provided with notice and an opportunity to challenge the decision immediately following the removal.

The College may place a staff or faculty Respondent on administrative leave (or student employee on leave from their employment) upon receiving a Report and/or while a Formal Complaint is pending. An employee alleged to have committed Title IX Sexual Harassment will not be placed on administrative leave unless and until a Formal Complaint has been filed. The College, in its discretion and based upon the circumstances, will determine whether any administrative leave is imposed with or without pay or benefits.

This procedure is intended to apply to alleged discrimination or harassment in violation of this Title IX Policy. All other misconduct or grievances by members of the campus community will be addressed through the misconduct procedures in the Lees-McRae College Student Handbook, Lees-McRae College Faculty Handbook, and As discussed below, the procedures and processes contained in this Policy are in addition to a Complainant's rights and options to make a report to law enforcement and to seek redress through the civil or criminal court systems.

Alternative/Informal Resolution Process

After a Formal Complaint has been filed and prior to any determination regarding responsibility, either party may request, or the Office of Student Affairs or other representative of the College may offer, the parties the opportunity to resolve a report using alternative/informal resolution through mediation or another process that does not involve a full investigation and adjudication of the Formal Complaint. Prior to undertaking an Alternative/Informal Resolution Process, the College will: (i) provide written notice disclosing the allegations made in the complaint, the requirements of the Alternative/Informal Resolution Process, the circumstances under which the parties would be considered to have agreed to a resolution and would not be permitted to resume the Formal Grievance Process, and any consequences, including recordkeeping requirements, that may result from participating in the College's Alternative/Informal Resolution Process; (ii) obtain the parties' voluntary, written consent to using the Alternative/Informal Resolution Process; and (iii) will not offer or allow use of the Alternative/Informal Resolution Process to resolve allegations that an employee of the College sexually harassed a student.

If the parties have voluntarily undertaken informal discussion of the alleged misconduct before the Complainant follows any of the reporting procedures under this Policy and both parties believe the issues have been resolved, the Complainant should nevertheless report the matter to the Title IX Coordinator for approval of the resolution and implementation of any relevant Supportive Measures.

Formal Grievance Process

After a Report is received or a Formal Complaint is made, and if the parties do not elect to proceed through the Alternative/Informal Resolution Process, the Title IX Coordinator will notify the Title IX Investigator (the "Investigator"), who will be designated to formally investigate the complaint. The Investigator will be someone who is regularly trained on dating violence, domestic violence, sexual assault, stalking, and how to conduct an investigation and hearing process that protects the safety of the Complainant and promotes accountability.

The procedures used to formally adjudicate alleged misconduct in violation of this Policy may vary depending upon the identities of the Complainant and Respondent and the nature of the alleged misconduct. Where more than one procedure may apply based upon the identities of the parties and/or the alleged misconduct, the College has the discretion to apply the procedure that it determines is the most

Annual Safety Report 2021

appropriate based on the unique facts and circumstances presented by the allegations, as well as to consolidate multiple sets of allegations into a single investigation and/or formal grievance process.

For Formal Complaints alleging conduct against a student that is prohibited under this Policy, but does not constitute Title IX Sexual Harassment, the Student Conduct Process conducted according to the Code of Student Conduct and the procedures in the Lees McRae College Student Handbook will apply.

For Formal Complaints alleging conduct against a faculty member that is prohibited under this Policy, but does not constitute Title IX Sexual Harassment, the misconduct procedures conducted according to the Lees-McRae College Faculty Handbook will apply.

For Formal Complaints alleging conduct against a staff member that is prohibited under this Policy, but does not constitute Title IX Sexual Harassment, the appropriate disciplinary procedures in Part 7.00, Performance and Discipline of the Lees-McRae College Employee Handbook will apply.

For Formal Complaints alleging Title IX Sexual Harassment by a student or any faculty or staff member, the Lees-McRae College Title IX Sexual Harassment Grievance Procedures will apply.

Criminal Process

Victims of sexual assault, rape and/or date rape are encouraged to seek the criminal prosecution of their assailants. The Office of Campus Safety will assist victims who choose to prosecute by transporting them to the Town of Banner Elk Police Department and providing information in support of the criminal investigative process. However, the college will continue to investigate the report in compliance with Title IX.

This Title IX Policy does not replace civil or criminal justice systems. Should a student be raped, sexually assaulted, or experience any potentially criminal harassment or misconduct on the campus or in the vicinity of the school, the victim is urged to consider reporting the matter to Campus Safety without delay and preserve all evidence of criminal action. As unpleasant as it may be, the victim should not wash, shower, or change clothes. To a large extent, the victim is the evidence of the crime. The longer the delay between the incident and the time it is reported, the less likely it is that the criminal prosecution will be successful. It should also be noted that state laws dealing with victim compensation and aid limit eligibility for compensation for medical expenses and economic losses to cases of rape and sexual assault reported seventy-two (72) hours, in most cases. Whether a student chooses to make a report to Campus Safety will not affect the College's decisions to respond to the student's informal or formal Complaint, offer remedies to the complainant, or investigate the reported misconduct.

By contacting the Town of Banner Elk Police Department at the Campus Security office, Campus Security will arrange for proper care and assistance to be provided and for a victim's advocate to be appointed, if the student wishes. Furthermore, the members of the Office of Campus Safety pledge that:

- They will meet with the victim privately, at a place of the victim's choice in the local area, to take a complaint report.
- They will not release the victim's name to the public or to the press.
- Their officers will not prejudge or blame the victim for what has occurred.
- They will treat the victim and the particular case with courtesy, sensitivity, dignity, understanding and professionalism.
- If the victim feels more comfortable talking with a female rather than a male officer, they will do their best to accommodate the victim's request.

Annual Safety Report 2021

- They will assist the victim in arranging for any hospital treatment or medical needs.
- They will assist the victim in privately contacting counseling services and other available resources.
- They will fully investigate the victim's case and will help the victim achieve the best outcome. This may involve the arrest and full prosecution of the suspect responsible. The victim will be kept up-to-date on the progress of the investigation and/or prosecution.
- They will continue to be available to the victim to answer questions, explain the systems and processes involved, and be willing listeners.
- They will consider the victim's case seriously, regardless of the victim's gender.

The criminal investigation into the rape or sexual assault will be handled by the Town of Banner Elk Police Department and victim assistance may be available through the procedures authorized by NC General Statute § 143B-480.2. These are separate from the measures provided by the College, which will provide Supportive Measures to victims of rape and/or sexual assault in coping with the after-effects of their experience through the Title IX Coordinator, as described above.

Emergency Communication Plan

This plan shall become effective:

- Automatically when a major incident significantly disrupts college operations
- Automatically when a state of emergency for an area including Lees-McRae College has been declared by the Governor of the State of North Carolina.
- When the college president or appointed representative implements the Lees-McRae College Emergency Communication Plan

Minor Emergencies

Should be immediately reported to Campus Security and handed on a case-by-case basis by the Security Officer on watch.

Major Emergencies

Any incident which affects an entire building or buildings, may disrupt the overall operations of the college or require major efforts from campus support services or outside Emergency Services. The Security Officer

Annual Safety Report 2021

on watch shall take immediate action in order to meet the emergency and safeguard persons and college property. The Security Officer on watch will notify the EXDCO who shall immediately consult with the college president or designee regarding the emergency and the possible need for a declaration of a campus state of emergency. The college president or designee serves as the overall Emergency Director during any major emergency or disaster and has the authority to declare a campus state of emergency.

Disaster

Any incident which has seriously impaired or halted the operations of the college. In some cases, mass casualties and severe property damage may be sustained. A coordinated effort of all campus-wide resources is required to effectively control the situation. Outside emergency services will be essential. In all cases of a disaster, the Emergency Control Center will be activated.

Inclement Weather Policy

Main Campus

The practice of Lees-McRae College is to continue operations, both instructional and otherwise, even when facing snow, ice, or other harsh weather.

When Operations Continue

In the event that the Banner Elk area experiences inclement weather conditions, and that classes or other operations are not delayed or cancelled, students and employees should exercise all due care, caution, and prudent judgment in their determination of whether travel to campus is safe and warranted. The same applies to students and employees whose responsibilities lie at extended campus sites. (See Inclement Weather Policy for distant learning.)

The college appreciates the efforts of both students and employees to meet their obligations when operations continue uninterrupted. However, unnecessary risk of life, limb, and property is to be avoided. If students decide not to attempt travel, they should make every effort to inform their instructors by email. If employees decide not to attempt travel, they should make every effort to inform the appropriate supervisor of that decision. If contact with the immediate supervisor is not possible, college employees should relay their decision through the office of the appropriate Cabinet member. Note that when the college is open and employees make the decision not to attempt travel, employees must claim their missed work time as a personal day or vacation time; however, sick leave may not be used.

When Operations Are Delayed or Cancelled

If extraordinarily severe conditions warrant, the President, in consultation with pertinent President's Cabinet members and Campus Security, may delay classes, cancel classes, delay opening of the college, or close the college. These distinctions being important, the following definitions become significant:

- **Classes Will Begin At...**: Classes begin at the stated time; other college operations begin as usual.
- **Classes Are Cancelled**: Classes throughout the day are cancelled; other college operations continue as usual. (Administrators, administrative staff, professional staff, custodial staff, and other non-instructional staff are expected to continue operations within the parameters of the above remarks.)
- **The College Will Open At...**: Both classes and administrative operations begin at the stated time.
- **The College Is Closed**: Both classes and administrative operations are cancelled for the day. Only essential staff members (e.g., food services, physical plant, security, and Cabinet members) are expected to report to campus. Additional staff members may be required on campus at the discretion of the supervising Cabinet member.

These decisions will be communicated through the following channels. Note that the official decision for delay or cancellation is the one broadcast through campus communications.

Distance Learning

In the event of ice, snow, or other harsh weather it may be necessary to cancel extended campus classes. The first factor is to always consider the safety of faculty and students and you are asked to exercise all due care, caution and judgment to determine if travel to the extended campus site is safe. Beyond personal safety, the weather conditions at the extended campus sites will be the major factor determining whether or not Lees-McRae classes are held. If the classes are on a community college campus, and that school has cancelled classes, classes on the main campus will not be held until the community college resumes operations.

Each faculty member will be responsible for checking with the extended campus program coordinator when making a determination about holding classes during inclement weather. Program coordinators should contact community colleges to determine the status of their operations. Students are responsible for checking their respective extended site to determine the status of operations. Students are also responsible for checking their

Annual Safety Report 2021

Lees-McRae email and Brightspace site(s) for messages from their instructors indicating class cancellations. Faculty reserve the right to hold classes online, so please refer to Brightspace for updates and announcements.

In the event of severe weather in the Banner Elk area that prevents Lees-McRae faculty from traveling, but does not affect extended campus sites, program coordinators and/or faculty can contact the switchboard operators at community college sites notifying them of cancellations. Community college contact personnel can also be notified to post signs on classroom doors. Faculty members should make every effort to contact students via email, telephone or Brightspace when cancellations are due to inclement weather in the Banner Elk area.

Program coordinators, faculty, and students should be aware that community colleges may make separate announcements concerning the cancellations of day and evening classes. Therefore, it is best to call the college switchboards for the most detailed information since radio and television announcements may not differentiate between day and evening closings. Most community colleges will also post closings on their website. Listed below are contact numbers for the community colleges:

Declaring a Campus State of Emergency

The authority to declare a campus state of emergency rests with the college president or his designee as follows:

During the period of any campus emergency, the Campus Safety and Security Office, as required, shall place into immediate effect the appropriate procedures necessary in order to meet the emergency, safeguard persons and property, and maintain educational facilities. The EXDCO shall immediately consult with the President regarding any major emergency and the possible need for a declaration of a campus state of emergency.

When this declaration is made, only registered students, faculty, staff, affiliates (i.e., persons required by employment) and emergency personnel (police, fire, and EMS) are authorized to be present on campus. Those who cannot present proper identification (student, employee or other photo ID showing their legitimate business on campus), will be asked to leave the campus or will be detained. In addition, only those faculty and staff members who have assigned emergency resource team duties will be allowed to enter the immediate disaster site.

In the event of earthquakes, aftershocks, fires, storms or major disaster occurring in or around the campus, or which involves college property, Campus Safety Officers will be dispatched to determine the extent of any damage.

Emergency Notification

In the event of an emergency, Lees-McRae has the following options available for notifying faculty, staff, students, parents and community members.

Rave Alert System

Lees-McRae utilizes the Rave Alert System. This alert system allows faculty, staff, students, parents, and community members the opportunity to receive text messages, voicemails, or emails in the event of an emergency. Users can select a preferred method of contact which the college can choose to override if there is a significant threat to campus. The Director of Safety and Security and/or the VP of Planning and External Relations is responsible for executing the alert system. The Executive Director of Marketing and Communications is secondary.

Rave Alert text opt in: text the word LMCALERT to 67283 to receive campus alerts.

Annual Safety Report 2021

Alertus Desktop Notification

In the event of an emergency, Lees-McRae can utilize the Alertus Desk top notification system to send an alert to all campus desktop computers. These Alerts are remote activated either by the EXDCO or the VP of Planning and External Relations.

Lees-McRae College Website (www.lmc.edu)

The Lees-McRae College website will broadcast a large banner at the top of every page in the case of an emergency. This banner would only contain the most pertinent information. Additionally, the security section of the website houses a page specifically for incidents. All other communications refer faculty, staff, students, parents and community members to this page. It includes time stamps for convenient reference. All website updates are implemented by the Executive Director of Marketing and Communications (primary) and the Associate Director for Enrollment Marketing (secondary).

College Switchboard Automated Answering Machine (828.898.5241)

The college's main phone line, the switchboard, includes an answering machine that will contain the same broadcast message as the alert sent through Rave. This message is broadcast by the Executive Director of Marketing and Communications.

Social Media

In the event of an emergency, the college uses social media to notify faculty, staff, students, parents, and community members. Lees-McRae moderates a Facebook and Twitter account (facebook.com/lmc.edu and [@leesmcrac](https://twitter.com/leesmcrac)). In the event of an emergency, Lees-McRae can utilize emergency sirens located on the campus bell tower. These sirens are remote activated either by the EXDCO or the VP of Strategic Planning and Effectiveness. The sirens may also be manually activated in the Campus Safety and Security Office.

Annual Fire Report

The purpose of the Annual Fire Safety Report is to provide the Lees-McRae community information about fire safety on campus.

Report Distribution

Copies of the Fire Report can be printed from the Annual Safety Report or hard copies can be printed by visiting the Campus Safety and Security Office.

Fire Log

The college maintains a written fire log of any fire that occurs in campus housing. The Fire Log is maintained by the Campus Safety and Security Office and can be viewed during the regular business hours of the college. Requests for data prior to 60 days before the request will be provided within two business days of the request.

Fire Alarms and Drills

When there is a fire alarm, staff members will follow the below steps to secure their areas:

1. If in a residence hall, the RA on duty should call the Area Coordinator on duty and then immediately start knocking on doors and evacuating the building. The Area Coordinator will then notify Campus Security, go to the appropriate hall, check the firebox to see where the alarm originated, and immediately start knocking on and keying doors to evacuate the building (The Area Coordinator will always lock the door after opening).
2. In an academic or administrative building, notify security immediately and then all students and personnel should follow the fire evacuation plans placed strategically throughout each building.
3. Call the appropriate cabinet-level member for that area.
4. Security will then verify if the alarm is false or real and notify dispatch.
5. If the alarm is real, the fire department will arrive and the building will be turned over. Faculty and staff are advised to assist as needed, but only at the fire department's request.
6. If it is a false alarm, the building must be completely vacated before the alarm can be disengaged.

Residence halls are required to participate in fire drills each semester. When there is a fire alarm, students will take the following steps:

1. Close windows.
2. Leave the room and shut the door. The Area Coordinator will check the building to see that all residents are out of the building.
3. Proceed in a quiet and orderly manner through an assigned exit to a safe distance from the building.
4. Keep out of the building until given the all-clear by a member of the Residence Life staff.

All residential students are required to attend the beginning of Semester meetings for their respective housing areas. Residence Life and/or Security reviews fire safety information, campus fire policies, evacuation process and reporting procedures.

Additional education and training is available throughout the year via Vector Solutions as well as additional residence life programming, posters, bulletin boards, electronic bulletin boards, and other communication methods.

Health and Safety inspections are conducted twice a semester for all rooms of student housing. Staff check for health issues, policy violations, fire hazards, as well as test smoke detectors and check status of fire extinguishers.

Reporting a Fire

Members of the campus community should immediately dial 911 from a campus phone or 911 from a cell phone when there is a suspension of a fire. Non-emergency fire reports can be made by contacting Campus Security at 828.260.0505.

Housing Fire Safety Policies

Smoke detectors, fire extinguishers and pull stations are all fire safety devices found on campus. Tampering with fire safety equipment is strictly prohibited. Tampering includes, but is not limited to, removing, relocating, disabling or covering a smoke detector, inappropriately discharging a fire extinguisher or activating a fire alarm in a non-fire event.

Candles with wicks, incense, wax warmers, fireworks, hotplates or exposed heating elements, portable electric heating devices including ceramic heaters, and halogen lamps are not allowed in campus housing. Intentionally filing a false fire report will result in a referral to the Student Conduct Process and/or law enforcement.

Violation of the Fire Safety may result in verbal warning, educational sanction, probation, fines, community service, and/or notification of civil authorities.

The Clery Act update of 2008 requires each institution of higher education that provides on-campus housing to establish a missing student notification policy for students who reside in on-campus housing. The policy shall:

- Inform each student that they have the option to identify an individual to be contacted by the institution no later than 24 hours after the time that the student is determined missing.
- Provide each student a means to register confidential contact information in the event that the student is determined to be missing for a period of more than 24 hours.
- Advise each student who is under 18 years of age (and not an emancipated individual) that the institution is required to immediately notify a custodial parent or guardian no later 24 hours after the time that the student is determined to be missing.
- Inform each student that the institution will notify the appropriate law enforcement agency no later than 24 hours after the time that the student is determined to be missing.
- When a student is missing for more than 12 hours the President, Provost, and VP of Student Affairs, and Executive Director of Campus Operations, will be notified that a student is missing.
- Any official missing person report relating to a student will be referred immediately to the President, Provost, and VP of Student Affairs, and/or Executive director of Campus Operations.
- If, on investigation of the official report, Campus Security or law enforcement officials determine that the student has been missing for more than 24 hours:
 - The college will contact the individual identified by the student.
 - If such student is under 18 years of age and not an emancipated individual, the college will immediately contact the custodial parent or legal guardian of such student.
 - If the above statements do not apply to a student determined to be a missing person, the college will inform the appropriate law enforcement agency.

Stalking is a course of conduct directed at a specific person that would cause a reasonable person to fear for the person's safety or the safety of others or to suffer substantial emotional distress.

Definitions of Hate-Crimes

A Hate Crime is a criminal offense that manifests evidence that the victim was intentionally selected because of the perpetrator's bias against the victim. Although there are many possible categories of bias, under the Clery Act, only the following eight categories are reported:

Race A preformed negative attitude toward a group of persons who possess common physical characteristics, e.g., color of skin, eyes, and/or hair; facial features, etc., genetically transmitted by descent and heredity which distinguish them as a distinct division of humankind, e.g., Asians, blacks or African Americans, whites.

Religion A preformed negative opinion or attitude toward a group of persons who share the same religious beliefs regarding the origin and purpose of the universe and the existence or nonexistence of a supreme being, e.g., Catholics, Jews, Protestants, atheists.

Sexual Orientation A preformed negative opinion or attitude toward a group of persons based on their actual or perceived sexual orientation. Sexual Orientation is the term for a person's physical, romantic, and/or emotional attraction to members of the same and/or opposite sex, including lesbian, gay, bisexual, and heterosexual (straight) individuals.

Gender A preformed negative opinion or attitude toward a person or group of persons based on their actual or perceived gender, e.g., male or female.

Gender Identity A preformed negative opinion or attitude toward a person or group of persons based on their actual or perceived gender identity, e.g., bias against transgender or gender non-conforming individuals. Gender non-conforming describes a person who does not conform to the gender-based expectations of society, e.g., a woman dressed in traditionally male clothing or a man wearing makeup. A gender non-conforming person may or may not be a lesbian, gay, bisexual, or transgender person but may be perceived as such.

Ethnicity A preformed negative opinion or attitude toward a group of people whose members identify with each other, through a common heritage, often consisting of a common language, common culture (often including a shared religion) and/or ideology that stresses common ancestry. The concept of ethnicity differs from the closely related term "race" in that "race" refers to a grouping based mostly upon biological criteria, while "ethnicity" also encompasses additional cultural factors.

National Origin A preformed negative opinion or attitude toward a group of people based on their actual or perceived country of birth. This bias may be against people that have a name or accent associated with a national origin group, participate in certain customs associated with a national origin group, or because they are married to or associate with people of a certain national origin.

Disability A preformed negative opinion or attitude toward a group of persons based on their physical or mental impairments, whether such disability is temporary or permanent, congenital or acquired by heredity, accident, injury, advanced age or illness.

For Clery Act purposes, Hate Crimes include any of the following offenses that are motivated by bias. Murder and Non-negligent Manslaughter, Sexual Assault, Robbery, Aggravated Assault, Burglary, Motor Vehicle Theft, Arson, Larceny-Theft, Simple Assault, Intimidation, and Destruction/Damage/Vandalism of Property
